

ESTRADA HINOJOSA & COMPANY, INC.

**Business Continuity Plan
(BCP)**

I. Emergency Contact Persons

The two persons to contact in case of emergency for Estrada Hinojosa & Company, Inc. ("Firm") are:

David Gordon, Dallas Office- Emergency Contact (BCP) - Primary
214-658-1670 Office
214-564-3035 Mobile
Email: dgordon@ehmuni.com

Scott Felt, Dallas Office- Emergency Contact (BCP) - Secondary
214-658-1670 Office
972-489-8218 Mobile
Email: sfelt@ehmuni.com

The Firm will provide FINRA with the contact information for the two emergency contact persons: (1) name; (2) title; (3) mailing address; (4) email address; (5) telephone number; and (6) facsimile number through the FINRA Contact System (FCS). The CCO or his designee will promptly notify FINRA of any change in this information through FCS (but no later than 30 days following the change) and will review, and if necessary, update, this information within 17 business days after the end of each calendar year.

II. Firm Policy

Our Firm's policy is to respond to a Significant Business Disruption (SBD) by safeguarding employees' lives and Firm property, making a financial and operational assessment, quickly recovering and resuming operations, protecting all of the Firm's books and records, and allowing our customers to transact business. In the event that we determine we are unable to continue our business, we will assure customers prompt access to their funds and securities.

Dave Gordon, a registered principal, is responsible for approving the BCP and for conducting the required annual review and has authority to execute this BCP.

III. Business Description

The Firm conducts business in municipal securities, public finance municipal advisory services. Our Firm is an introducing firm and does not perform any type of clearing function for itself or others. Furthermore, we do not hold customer funds or securities. We accept and enter orders. All transactions are sent to our clearing agent, which compares, clears and settles them.

Our clearing firm is RBC Capital Markets, LLC, 200 Vesey Street, New York, NY 10281. 800)949-0242.

IV. Office Locations

Our Firm has one Headquarters location where all securities transactions are conducted and maintains seven additional branch offices utilized for improved communications and service to issuer clients. The offices are as follows:

Headquarters

600 N. Pearl St., Suite 2100, South Tower Dallas, Texas, 75201

Facsimile: 212-946-4927

This location is in Manhattan New York, accessible by all manner of public and private transit.

Initial sales efforts and client relations for the Firm are conducted at this location.

V. Alternative Physical Locations for Employees

In the event of a Significant Business Disruption, the Firm will move staff from affected offices to the Headquarters office if it is not affected or in the alternative, to the closest of our branch offices that is not affected. If none of our other office locations is available to receive those staff, we will move them to the location of the clearing agent for our Firm previously listed.

VI. Customers' Access to Funds and Securities

Our Firm does not maintain custody of customers' funds or securities, which are maintained at our clearing firm, RBC Capital Markets, LLC. In the event of an internal or external SBD, if telephone service is available, our registered persons will take customer orders or instructions and contact our clearing firm on their behalf, and if our Web access is available, our Firm will post on our Web site that customers may access their funds and securities by contacting our

clearing agent, RBC Capital Markets, LLC, which will make this information available to customers through its web site at RBC Clearing & Custody (rbcclearingandcustody.com).

If SIPC determines that we are unable to meet our obligations to our customers or if our liabilities exceed our assets in violation of Securities Exchange Act Rule 15c3-1, SIPC may seek to appoint a trustee to disburse our assets to customers. We will assist SIPC and the trustee by providing our books and records identifying customer accounts subject to SIPC regulation.

VII. Data Back-Up and Recovery (Hard Copy and Electronic)

Our Firm maintains its primary hard copy books and records and its electronic records at 600 N. Pearl St., South Tower Suite 2100, Dallas, Texas 75201. Belinda Garza, Office Manager, 214-658-1670 is responsible for the maintenance of these books and records. Our Firm maintains the following document types and forms that are not transmitted to our clearing firm: Underwriting file on each transaction containing records of orders taken, designations received, allocations made, wires sent and received, and evidence of other actions taken to comply with all MSRB rules.

Our Firm maintains its back-up hard copy books and records at Armstrong Archives, LLC, 1515 Crescent Drive, Carrollton, TX 75006, telephone 972-242-7179. Ms. Belinda Garza, Office Manager, is responsible for the maintenance of these back-up books and records. Our firm backs up its paper records by copying and sending them to our records retention site administered by Armstrong Archives.

The Firm backs up its electronic records using Microsoft Azure. The Firm also maintains an unlimited cloud back up with Microsoft Azure Cloud. Currently the virtual servers for the phone system, shared drives, and domain controllers are replicating across the WAN. This replication can result in the data to be up to an hour delayed between the sites All data is backed up via Microsoft Azure daily.

In the event of an internal or external SBD that causes the loss of our paper records, we will physically recover them from our back-up site. If our primary site is inoperable, we will continue operations from our back-up site or an alternate location. For the loss of electronic records, we will either physically recover the storage media or electronically recover data from the Windows Cloud Servers located off site, or, if our primary site is inoperable, continue operations from our back-up site or an alternate location.

VIII. Data Back-Up and Recovery (Hard Copy and Electronic)

A. Operational Risk

In the event of an SBD, we will immediately identify what means will permit us to communicate with our customers, employees, critical business constituents, critical banks, critical counter-parties, and regulators. Although the effects of an SBD will determine the means of alternative communication, the communications options we will employ will include telephone, email, website notices and personal communications. In addition, we will retrieve our key activity records as described in the section above, Data Back-Up and Recovery (Hard Copy and Electronic).

B. Financial and Credit Risk

In the event of an SBD, we will determine the value and liquidity of our investments and other assets to evaluate our ability to continue to fund our operations and remain in capital compliance. We will contact our clearing firm, critical banks, and investors to apprise them of our financial status. If we determine that we may be unable to meet our obligations to those counter-parties or otherwise continue to fund our operations, we will request additional financing from our bank or other bank and other credit sources to fulfill our obligations to our customers and clients. If we cannot remedy a capital deficiency, we will file appropriate notices with our regulators and immediately take appropriate steps.

IX. Mission Critical Systems

Our clearing firm contract provides that our clearing firm will maintain a business continuity plan and the capacity to execute that plan. Our clearing firm represents that it will advise us of any material changes to its plan that might affect our ability to maintain our business and present us with an executive summary of its plan, which is attached. In the event our clearing firm executes its plan, it represents that it will notify us of such execution and provide us equal access to services as its other customers. If we reasonably determine that our clearing firm has not or cannot put its plan in place quickly enough to meet our needs, or is otherwise unable to provide access to such services, or clearing firm represents that it will assist us in seeking services from an alternative source. Our clearing firm represents that it backs up our records at a remote site. Our clearing firm represents that it operates a back-up operating facility in a geographically separate area with the capacity to conduct the same volume of business as its primary site. Our clearing firm has also confirmed the effectiveness of its back-up arrangements to recover from a wide scale disruption by testing.

Recovery-time objectives provide concrete goals to plan for and test against. They are not, however, hard and fast deadlines that must be met in every emergency situation, and various external factors surrounding a disruption, such as time of day, scope of disruption and status of critical infrastructure, particularly telecommunications, can affect actual recovery times. Recovery refers to the restoration of clearing and settlement activities after a wide-scale disruption; resumption refers to the capacity to accept and process new transactions and payments after a wide-scale disruption.

A. Our Firm's Mission Critical Systems

Dallas HQ has 3 internet systems. A primary internet line, a backup internet line, and an emergency cellular wireless network.

The IT MSP (Managed Service Provider) is Miles Technologies. They oversee our EH network, cybersecurity, and technology. They can be reached at <https://www.milesit.com/> Via phone at (856) 439-0999 or via email at helpdesk@milestechnologies.com

a. Order Taking

Currently, our Firm receives orders from customers via telephone, Bloomberg messaging service or through e-mails. During an SBD, either internal or external, we will continue to take orders through any of these methods that are available and reliable, and in addition, as communications permit, we will inform our customers when communications become

available to tell them what alternatives they have to send their orders to us. Customers will be informed of alternatives by telephone or e-mail. If necessary, we will advise our customers to place orders directly with our clearing firm.

b. Order Entry

Currently, our Firm enters orders by recording them on paper and electronically and sending them to our clearing firm electronically or telephonically. In the event of an internal SBD, we will enter and send records to our clearing firm by the fastest alternative means available. In the event of an external SBD, we will maintain the order in electronic or paper format, and deliver the order to the clearing firm by the fastest means available when it resumes operations. In addition, during an internal SBD, we may need to refer our customers to deal directly with our clearing firm for order entry.

c. Order Execution

We currently execute orders by entering them into a Bloomberg terminal in our Headquarters office and electronically transmitting them to our clearing agent. In the event of an internal SBD, we would cease trading and underwriting unless it is determined we can move to our clearing agent's offices, located within walking distance from our Headquarters and continue operations there, as needed to complete any transaction. In the event of an external SBD, we would proceed in the same manner described for an internal SBD or cease operations.

B. Mission Critical Systems Provided by Our Clearing Firm

Our Firm relies, by contract, on our clearing firm to provide order execution, order comparison, order allocation, and the maintenance of customer accounts, delivery of funds and securities, and access to customer accounts.

X. Alternate Communications Between the Firm and Customers, Employees, and Regulators.

A. Customers

We communicate with our customers using the telephone, e-mail, Bloomberg terminals, fax and U.S. mail. In the event of an SBD, we will assess which means of communication are still available to us, and use the means closest in speed and form (written or oral) to the means that we have used in the past to communicate with the other party. For example, if we have communicated with a party by e-mail but the Internet is unavailable, we will call them on the telephone and follow up where a record is needed with paper copy in the U.S. mail.

B. Employees

We communicate with our employees using the telephone, e-mail, and in person. In the event of an SBD, we will assess which means of communication are still available to us, and use the means closest in speed and form (written or oral) to the means that we have used in the past to communicate with the other party.

C. Regulators

We are currently members of the following SROs: FINRA and MSRB. We communicate with our regulators using the telephone, e-mail, fax, U.S. mail, and in person. In the event of an SBD, we will assess which means of communication are still available to us, and use the means closest in speed and form (written or oral) to the means that we have used in the past to communicate with the other party. We will also employ a call tree so that senior management can reach all employees quickly during an SBD. The call tree includes all staff home and office phone numbers. We have identified persons, noted below, who live near each other and may reach each other in person:

The person to invoke use of the call tree is Dave Gordon

Caller	Call Recipients
<i>Dave Gordon</i>	<i>Noe Hinojosa and Belinda Garza</i>
<i>Belinda Garza</i>	<i>All Managing Directors and Admin Staff</i>

XI. Critical Business Constituents, Banks, and Counter-Parties

A. Business Constituents

We have contacted our critical business constituents (businesses with which we have an ongoing commercial relationship in support of our operating activities, such as vendors providing us critical services), and determined the extent to which we can continue our business relationship with them in light of the internal or external SBD. We will quickly establish alternative arrangements if a business constituent can no longer provide the needed goods or services when we need them because of a SBD to them or to our Firm.

B. Banks

We have contacted our banks and lenders to determine if they can continue to provide the financing that we will need in light of the internal or external SBD. The bank maintaining our operating account is: JP Morgan Chase Bank, N.A. The bank maintaining our Proprietary Account of Introducing Brokers/Dealers (PAIB account) is provided by our clearing agent, Hilltop Securities. If our banks and other lenders are unable to provide the financing, we will seek alternative financing immediately from several other banks with which we maintain business relations, seek capital contributions from the shareholders or liquidate certain assets held.

XII. Regulatory Reporting

Our Firm is subject to regulation by the MSRB, FINRA, SEC and the Texas Securities Board. We file reports with our regulators using paper copies in the U.S. mail, and electronically using fax, e-mail, and the Internet. In the event of an SBD, we will check with the SEC, FINRA, and other regulators to determine which means of filing are still available to us, and use the means closest in speed and form (written or oral) to our previous filing method. In the event that we cannot contact our regulators, we will continue to file required reports using the communication means available to us.

XIII. Disclosure of Business Continuity Plan

We provide in writing a BCP disclosure statement to our customers at the opening of an account and an overview of our fully disclosed clearing arrangements. Our Clearing firm, Hilltop Securities, has historically provided such BCP disclosure statement to customers on behalf of the Firm.

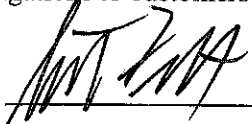

XIV. Updates and Annual Review

Our Firm will update this plan whenever we have a material change to our operations, structure, business or location or a change in clearing firms. Any changes in Emergency Contact Persons are reviewed no less than annually.

XV. Senior Manager Approval

I have approved this Business Continuity Plan as reasonably designed to enable our Firm to meet its obligations to customers in the event of an SBD.
